

Intro to Real-time Webinar

We encourage questions during the webinar. If there is something you don't understand or didn't hear or need further explanation, please speak up. Most likely there is someone else interested in the answer. And don't hesitate to offer your experience or hints.

- Why Real-time
 1. Write better
 2. Possibly more income
 3. Audio Sync
 4. More productive
- Real-time Options
 1. From the real-time menu

 2. Output 1, Output 2 and WiFi
 3. Cables & USB Serial Adapters
 4. StenoCast – Bluetooth
 5. LiveDepositions.com
 6. Mobile Bridge
 7. CaseViewNet
 - Turning off all Power Options in Control Panel
 - Inserting Include Files
 1. `.df includefilename.inc`
 2. Autofill variables
 - Ending a real-time session

1. Always end the real-time program before turning off your writer.
2. When you end the real-time program it will:
 - Automatically stop and save the recording (if doing audio sync). Don't stop or pause the recording.
 - Automatically save your editing if you are editing your real-time. Don't try to save out of Edit.

In order to meet the attendance requirements of the NCRA and your state organization, we will be asking a series of questions throughout the webinar. In order to receive a CE form from us you must answer these questions. If you don't need or want CE points then you can answer the questions, or not, for your own amusement.
